PROFESSIONAL SUMMARY

BCA student and aspiring Full-Stack Developer with hands-on experience in Flutter, Laravel, and React. Built multiple e-commerce platforms, mobile applications, and management systems as part of academic and personal projects. Strong foundation in Software Quality Assurance with experience in manual testing, API validation, bug reporting, test case documentation, and regression testing to ensure reliable, bug-free applications.

TECHNICAL SKILLS

Programming Languages: Dart (Flutter), PHP (Laravel), JavaScript (React.js, Node.js), Java, C#, C, SQL
Frontend Technologies: HTML5, CSS3, Bootstrap, Tailwind CSS, Responsive Design
Backend & Database: Laravel, MySQL, REST APIs, Firebase, JSON Handling
Quality Assurance: Manual Testing, API Testing (Postman), Bug Reporting, Test Case Documentation, UI/UX Verification, Regression Testing, E2E Testing
Tools & Platforms: Git, GitHub, VS Code, XAMPP, Tableau, Power BI, Excel
Payment Integration: eSewa, Stripe, PayPal

PROFESSIONAL EXPERIENCE

Data Analytics Virtual Intern **Deloitte Australia — 2025**

- Cleaned and prepared telemetry datasets, converting raw JSON data into structured formats
- Created interactive Tableau dashboards (Down Time per Factory) for data visualization
- Performed data analysis by classifying Equality Scores and applying filters for insights
- Conducted data validation and quality checks to ensure accuracy and integrity in reporting outputs

PROJECT EXPERIENCE

ShopLite – E-Commerce Platform **Laravel, MySQL, PHP**

- Built full-stack e-commerce platform with product management, shopping cart, and order tracking
- Integrated payment gateways (eSewa, Stripe, PayPal) and performed End-to-End testing to validate payment flows
- Conducted comprehensive QA testing including functional testing, regression testing, and bug documentation
- Developed admin panel with role-based access and responsive Bootstrap interface for all devices

Personal Portfolio Website **React.js, HTML, CSS, JavaScript**

- Designed and developed responsive portfolio website showcasing projects and technical skills
- Implemented smooth animations and interactive UI components using React
- Tested across multiple browsers and devices for cross-platform compatibility and performance optimization

Mobile Application Development **Flutter, Dart, Firebase**

- Developed responsive mobile applications with state management and real-time Firebase database integration
- Performed cross-platform testing for Android and iOS to ensure consistent user experience
- Used Postman for REST API testing and validation during backend integration

Inventory Management System **PHP, MySQL, JavaScript**

- Built automated tracking system with supplier records and stock-level alerts
- Performed functional testing and documented bugs with detailed reproduction steps to improve dashboard performance
- Created reporting features for inventory analytics

EDUCATION

Bachelor of Computer Application (BCA)	2022 – Present
Janamaitri Multiple Campus, Tribhuvan University, Kathmandu	
+2 Management	2019 – 2021
Mangoldaya Secondary School, Kathmandu	

CERTIFICATIONS & ACHIEVEMENTS

- Certifications:** Data Analytics Job Simulation (Deloitte Australia), React Basics (Simplilearn), AI for Beginners (HP LIFE)
- Achievements:**
- Built and deployed 3+ full-stack web applications with payment integration
 - Created business intelligence dashboards using Tableau and Power BI
 - Strong problem-solving and collaboration skills demonstrated through academic and personal projects
